

PAT ROGERS
... In Leading Role

Residents Drop Garden Tools To Go On Stage

Who knows what budding genius lives just next door? In Hampton Players' latest endeavor, "Love From a Stranger," there is no claim particularly to this talent, except in the long and strenuous hours of rehearsal, the desire to entertain the public in the best way possible, and the arduous work of putting the best sets on stage. In these last, the Players do shine, and those neighbors that clear the house, care for the lawn, and perform the many tasks so necessary to our everyday life will amaze you when their feet are planted firmly on stage, the spotlight is trained upon them, and they are making their entrances.

Cast Listed

In the cast of "Love From a Stranger," are Dorothy Tunis as Mavis, a sympathetic, but rather caustic friend to Cecily, her companion-winner of the sweepstakes, played by Pat Rogers. Winning half of 20,000 pounds hasn't altogether turned Cecily's head, but it has made her wonder about her tepid romance with Nigel, played by newcomer Bruce Wilson, and does help to further the suit of Bruce Lovell, a complete stranger. Bruce is enacted by Von Hershey.

Intertwined throughout the plot flutters Amity Lo-Lo, played by Ethel Dugan, who confuses most of the issues rather than helping them; Jim Wilson as understanding and competent Dr. Gribble; Helen Ferrel as Ethel, the maid, who is a "good girl, but not quite bright," and Jack Erving as Hodgson, the gardener, whose discovery of certain items in the garden complicate matters no end.

Dates Given

"Love From a Stranger" will be produced in its entirety on the stage of Redondo High School auditorium, the week ends of Oct. 28-29, and Nov. 4-5, curtain promptly at 8:30 p.m., Thelma Ledwidge directing.

Tickets will be on sale at the box office, or for further information, call FRontier 5-2371.

More Contracts Awarded for Estate Homes

George Sant, president of Walter R. Sant and Sons, in charge of construction for Rollingwood Estates in Palos Verdes, announced that contracts have let for grading, streets, and sewers. E. Avery McCarthy, president of The McCarthy Company, sales agents for the development, expressed his pleasure at the rapid progress that has been made.

"It is our belief that Rollingwood Estates should be representative of the fine tradition of Palos Verdes living," McCarthy commented. "We have emphasized the quality aspect of the homes, and I am pleased that we have been able to combine it with speed." The three and four bedroom, two bath homes falling within the \$19,950 to \$24,000 bracket are located high in the Palos Verdes peninsula.

We are already under sales pressure from prospective buyers," McCarthy added, "and we would like to meet our general commitment to open the tract to the public by mid-November."

The spectacular panorama of California coast and Los Angeles city lights at night is considered as a factor in the popularity of these homes as well as the remarkably fine climate which remains smog free, he said.

LONGEST RIVERS

The Mississippi, Missouri and Rio Grande, in that order, are the three longest rivers in the United States.
